REMOTE CONTROL SOCKET RWG-01

Remote control socket RWG-01 is used to connect any 230 V AC receiver of 4000 VA and to wireless control by means of different EXTA FREE system transmitters. The device can be mounted without any additional tools or interference in existing wiring - it is directly mounted to 230 V AC socket.

- cooperation with wireless EXTA FREE system transmitters (it is obligatory to purchase it separately),
- lighting, heating control and other receivers control,
- easy mounting in 230V AC socket,
- five operation modes: switching on mode, switching off, monostable, bistable, time (switch off delay),
- wide range of operation (up to 300 m),
- radio transmission and relay status are optically signalled,
- low current consumption, possibility of constant work,
- possibility of widening operation range by means of RTN-01 retransmitter.

230 V AC; 50 Hz; IP20
Weight: 0,16 kg
PN-EN 60669
PN-EN 60950
PN-EN 61000

The symbol means selective collecting of electrical and electronic equipment. It is forbidden to put the used equipment together with other waste.

ZAMEL hereby declares that the device is compatible with the essential requirements and other relevant provisions of Directive 1999/5/EC. Declaration of Conformity can be found on the web page www.zamel.com
