8-CHANNEL REMOTE CONTROL P-456/8

- Controls up to 8 receivers independent of each other.
- Integrated magnet to attach the remote control to metal surfaces (metal holder included with the product)
- On/off control of multiple EXTA LIFE system receivers at the same time
- Transmission range: 350 m in open areas

The P-456/8 remote control enables wireless operation of EXTA LIFE system receivers. The remote control can turn lights on and off and operate the light dimmer function, and open and close roller shutters and garage doors. The remote control features 8 buttons for operating up to 8 receivers independent of each other. The integrated magnet is a holder for a quick installation of the device.

3 V DC (CR2032); IP20
Net weight: 0,056 kg
